

VISIT US WITH CONFIDENCE

The Health and Wellbeing of our guests, team and suppliers is of the utmost importance to us.

We want to **reassure everyone** who visits us, that our team are at the ready to ensure your experience is a **safe and secure** one.

FOR THIS WE HAVE:

ELECTROSTATIC CLEANING

Electrostatic Cleaning is state-of-the-art technology, it's the most effective way to prevent the spread of infections due to its 360 degree coverage.

INCREASED CLEANING

All high risk & frequent touch points have had increased cleaning schedules applied. This is done using a chemical that kills the COVID virus.

WASHROOMS & SANITISING STATIONS

All sinks have been installed with touchless wash & dry systems. Sanitising stations are available throughout the hotel for guests to use regularly.

ENHANCED TEAM STANDARDS

All of our team have received dedicated COVID training. Our team have their temperature checked prior to their shift & will be wearing masks throughout.

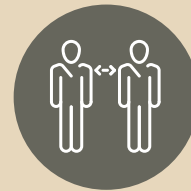

CONTACTLESS CHECK-IN & ROOM KEYS

Partnering with the best in hospitality solutions we have the option for guests to access their room via their smart devices.

INCREASED TECHNOLOGY

We have introduced the ability to order food & drink contactless and also pay directly from your device.

INCREASED SPACING

We have increased the spacing between tables in all public areas of the hotel. This includes our restaurants, lounges & bar. We have also increased the outdoor seating areas.
