

VISIT WITH CONFIDENCE

The health and wellbeing of our guests, staff and suppliers is of the utmost importance to us.

We want to **reassure everyone** who visits us, that the team are at the ready to ensure your visit is a **safe and secure** one.

FOR THIS WE HAVE:

INTRODUCED ELECTROSTATIC CLEANING

Electrostatic Cleaning Spray is state-of-the-art technology, it's the most effective way to prevent the spread of infections due to its 360 degree coverage.

INCREASED CLEANING

All high risk & frequent touch points have had increased cleaning schedules applied. This is done using a chemical that kills the COVID virus.

CONTACTLESS CHECK-IN & ROOM KEYS

Partnering with the best in hospitality solutions we have the option for guests to access their room via their smart devices.

ENHANCED TEAM STANDARDS

All of our team have received dedicated COVID training from a leading hospitality training provider. Our team have their temperature checked prior to their shift & will be wearing masks throughout.

INCREASED TECHNOLOGY

We have introduced the ability to order food & drink contactless and also pay directly from your device.

HAND SANITISATION STATIONS

We have placed sanitiser stations throughout all areas of the hotel for guests to use regularly.

WASH ROOMS

All sinks have been installed with touchless wash & dry systems.

INCREASED SPACING

We have increased the spacing between tables in all public areas of the hotel. This includes our restaurants, lounges & bar. We have also increased the outdoor seating areas.
